The global warming controversy concerns the public debate over whether global warming is occurring, how much has occurred in modern times, what has caused it, what its effects will be, whether any action should be taken to curb it, and if so what that action should be. In the scientific literature, there is a strong consensus that global surface temperatures have increased in recent decades ...

Global warming controversy - Wikipedia - Main characters. Tom Baldwin, portrayed by Joel Gretsch, is the series's main protagonist. Tom was formerly at the FBI, and a longtime friend of Dennis Ryland. He joined Ryland at NTAC, but left after 5 months to investigate the circumstances surrounding his son, Kyle Baldwin, being comatose. He employed private investigators to find his missing nephew Shawn Farrell, in an attempt to discover the ...
